

GENERAL INDEX

- Abstracts of the literature, 42, 74, 110, 145, 189, 230, 268, 320
 Allopurinol (editorial), 233
 — in management of gout, 235
 Amputation of lower limb, rehabilitation after, review of book on, 142
 Analgesics in physical medicine (editorial), 197
 ANGELL, J., *see* Goldsmith, S., joint-author
 ANGELL, L., *see* Goldsmith, S., joint-author
 Appliances, new, 138, 266
 Arteritis, giant-cell, periostitis due to, 66
 Arthritis, rheumatoid, flufenamic acid therapy, 204, 208
 —, —, indomethacin treatment, 100
 —, —, plasma viscosity estimation in, 214
 Arthropathy in multiple myeloma, 184
- Backache, diazepam in, 303
 BARNES, E. G., *see* McAndrew, G. M., joint-author
 BARTER, R. W., *see* Wright, P. R., joint-author
 Benzyl salicylate, intra-articular, in osteoarthritis of knee, 86
 BLADES, A. N., COYER, A. B., and FLAVELL, H. C. G.: Plasma viscosity, 214
 BLOWER, P. W.: Trigger finger—a follow-up study, 256
 British Association of Physical Medicine, 1965 Annual Meeting, 69
 —, —, 1966 Annual Meeting, 226
 BRUCKNER, F. E., and RANDLE, A. P. H.: Use of indomethacin in rheumatoid arthritis, 100
 BRUK, M. I., and HARRIS, R.: Renal rickets: combined external ear and kidney anomalies (Dumbo ear syndrome), 61
- CAHILL, W. J., HILL, R. D., JESSOP, J., and KENDALL, P. H.: Trial of mefenamic acid, 26
 CAMPBELL, E. D. R., and GREEN, E. A.: Attempt to measure spasticity objectively and effect on these measurements of carisoprodol, 4
 CAREY, A., *see* Wright, P. R., joint-author
 Carisoprodol, effect on measurements of spasticity, 4
 Carpal tunnel syndrome, relation of latency measurements to response to treatment, 12
 Cautery, actual (historical note), 224
 Cerebral palsy survey in East Kent, 175
 Chiropody, appliance making in, review of book on, 142
 CHRISTIE, B. G. B.: Manipulation of spine, 103
 Cold, effects and properties of, treatise on (historical note), 58
 Compression neuropathy of ulnar nerve at elbow, 30
 Convenience, public, for the disabled, 307
 COOMES, E. N.: Electrodiagnostic findings in clonic facial spasm and in facio-hypoglossal anastomosis, 48
 —: Reversible myopathies, 113
- COPP, E. P.: Compression neuropathy of ulnar nerve at elbow, 30
 —: Controlled trial of rehabilitation, 151
 — and HARRIS, R.: Further controlled trial of rehabilitation, 221
 COYER, A. B., *see* Blades, A. N., joint-author
- DAVIES, H. L., and RANASINGHE, C. L.: "G.T.50" in treatment of osteoarthritis, 125
 DAWSON, AUDREY A.: Arthropathy in multiple myeloma, 184
 Diazepam in backache, 303
 Disabled, door handles for, 180
 —, public convenience for, 307
 Dumbo ear syndrome, 61
- Electrodiagnosis, clinical, value of (editorial), 45
 Exercise, physiology of, review of book on, 73
 Experiments, design of, 168
 Eye, Leber's hereditary optic atrophy, skeletal manifestations in, 91
- Facio-hypoglossal anastomosis, electrodiagnostic findings, 48
 FEARNLEY, M. E., and MASHETER, H. C.: Controlled trial of flufenamic acid therapy in rheumatoid arthritis, 204
 — and NIXON, K. H.: Intra-articular benzyl salicylate therapy in osteoarthritis of knee, 86
 FLAVELL, H. C. G., *see* Blades, A. N., joint-author
 Flufenamic acid, effect on plasma uric acid level, 242
 — therapy in rheumatoid arthritis, 204, 208
 Fractures, review of book on, 72
 FRANKS, A. S. T.: Temporomandibular joint dysfunction associated with cervical traction, 38
 Frozen shoulder, treatment with hydrocortisone and exercises, 22
- "G.T. 50" in osteoarthritis, 125
 Gleno-humeral joint, malalignment of, following hemiplegia, 96
 GOLDSMITH, S., NICHOLS, P. J. R., ROSTANCE, B., ANGELL, J., and ANGELL, L.: Designing a public convenience for the disabled, 307
 Goniometer, universal, 138
 GOODWILL, C. J.: The carpal tunnel syndrome, 12
 Gout, allopurinol in management, 235
 —, pharmaceutical treatment, 199
 GREEN, E. A., *see* Campbell, E. D. R., joint-author
 Guide to training in physical medicine, 273
- HARRIS, R.: A treatise on the effects and properties of cold, 58
 —: British spas to-day, 34
 —: The actual cautery, 224
 —, *see also* Copp, E. P., joint-author
 Heart and sport, review of book on, 73

- Hemiplegia, malalignment of gleno-humeral joint following, 96
 —, rehabilitation in, 244
 HILL, R. D., *see* Cahill, W. J., joint-author
 HINGORANI, K.: Diazepam in backache, 303
 —: Post-menisectomy rehabilitation, 132
- Immersion, sea-water, body temperature changes in, 172
 Indomethacin in rheumatoid arthritis, 100
- JESSOP, J., *see* Cahill, W. J., joint-author
 Joint range measurement, method to reduce variable error in, 262
- KENDALL, P. H., *see* Cahill, W. J., joint-author
 KERSLEY, G. D.: Pharmaceutical treatment of gout, 199
- Laming Evans Research Fellowship at Makerere University College, Kampala, Uganda, 187
 LATHAM, B. A., RADCLIFF, F., and ROBINSON, R. G.: Effect of mefenamic acid and flufenamic acid on plasma uric acid levels, 242
 Lavatories for the disabled, 307
 Leber's hereditary optic atrophy, skeletal manifestations in, 91
 Lupus erythematosus, familial, 299
- MCANDREW, G. M., and BARNES, E. G.: Familial scleroderma, 128
 Manipulation of spine, 103
 —, vertebral, review of book on, 72
 Manipulative Medicine, British Association of, 228, 319
 MASHETER, H. C., *see* Fearnley, M. E., joint-author; Simpson, M. R., joint-author
 Medicine, Manual, International Federation of, first congress, 109
 Mefenamic acid, effect on plasma uric acid, 242
 —, therapeutic trial, 26
 Menisectomy, rehabilitation after, 132
 MILLARD, J. B.: Rehabilitation and the hemiplegic patient, 244
 MORGAN, R. W.: How to design an experiment, 168
 Muscle, voluntary, disorders of, review of book on, 72
 Myelography, epidural, with Urografin, 81
 Myeloma, multiple, arthropathy in, 184
 Myopathies, reversible, rate of recovery and effect of anabolic agents, 113
- NAJENSON, T., and PIKIELNY, S. S.: Malalignment of gleno-humeral joint following hemiplegia, 96
 Neck movements, accuracy of estimation, 120
 Neuropathy, compression, of ulnar nerve at elbow, 30
 Neurospastic disorders, drugs in, review of book on, 267
 NEWELL, D. J., and NICHOLS, P. J. R.: Accuracy of estimating neck movements, 120
 NEWTON, D. R. L.: Allopurinol in the management of gout, 235
- NICHOLS, P. J. R.: Adjustable wheel-chair supports for paralytic collapsing spine, 266
 —: Door handles for the disabled, 180
 —, *see also* Goldsmith, S.; Newell, D. J., joint-authors
 NIXON, K. H., *see* Fearnley, M. E., joint-author
- Occupational health nursing, review of book on, 109
 Osteoarthritis, "G.T. 50" in treatment, 125
 — of knee, intra-articular benzyl salicylate therapy in, 86
 Oxygen uptake and body temperature in man, 250
- Pain of cervical origin, symposium on, 228
 Palsy, cerebral, survey in East Kent, 175
 Parkinsonism, review of book on, 142
 Periostritis due to giant-cell arteritis, 66
 Physical medicine, analgesics in (editorial), 197
 — and Rehabilitation, First Caribbean Congress on, preliminary notice, 143
 —, British Association of, *see* British Association
 —, guide to training in, 273
 —, origin of (editorial), 1
 — treatment, science in (editorial), 149
 —, scientific assessment of results, 280
 PIKIELNY, S. S., *see* Najenson, T., joint-author
 Plasma viscosity estimation in rheumatoid arthritis, 214
 PLUNKETT, T. G., *see* Wright, V., joint-author
- QUIN, C. E.: "Frozen shoulder", 22
- RADCLIFF, F., *see* Latham, B. A., joint-author
 RANASINGHE, C. L., *see* Davies, H. L., joint-author
 RANDLE, A. P. H., and BRUCKNER, F. E.: Familial lupus erythematosus, 299
 —, *see also* Bruckner, F. E., joint-author
 Recreation in old age, review of book on, 41
 Rehabilitation after menisectomy, 132
 —, controlled trial, 151, 220
 — in hemiplegia, 244
 Reviews of books, 41, 72, 109, 142, 267, 318
 Rheumatic diseases, review of book on, 41
 Rheumatism, European League against, annual meeting, 319
 Rheumatoid arthritis, *see* Arthritis, rheumatoid
 Rickets, renal: combined external ear and kidney anomalies, 61
 ROBINSON, R. G., *see* Latham, B. A., joint-author
 ROBSON, P.: Method to reduce variable error in joint range measurement, 262
 ROSTANCE, B., *see* Goldsmith, S., joint-author
- Science in physical treatment (editorial), 149
 Scleroderma, familial, 128
 SCOTT, B. O.: Universal goniometer, 138
 SHAPIRO, H.: Body temperature changes in sea-water immersion, 172
 — and STONER, E. K.: Body temperature and oxygen uptake in man, 250
 Shoulder, frozen, treatment with hydrocortisone and exercises, 22

- SIMPSON, M. R., SIMPSON, N. R. W., and MASHETER, H. C.: Flufenamic acid in rheumatoid arthritis, 208
- SIMPSON, N. R. W., *see* Simpson, M. R., joint-author
- Spas in Britain to-day, 34
- Spasm, clonic facial, electrodiagnostic findings, 48
- Spasticity, objective measurement, effect of carisoprodol on, 4
- Spine, manipulation of, 103
- , paralytic collapsing, adjustable wheel-chair supports for, 266
- , vertebral manipulation, review of book on, 72
- Sport, heart and, review of book on, 73
- Stiffness, scientific measurement of, 280
- STONER, E. K., *see* Shapiro, H., joint-author
- STOREY, G.: Periostitis due to giant-cell arteritis, 66
- Synovial fluids, diagnostic features of, 292
- Temperature, body, and oxygen uptake in man, 250
- , —, changes in sea-water immersion, 172
- Temporomandibular joint dysfunction due to cervical traction, 38
- THRIFT, E. G.: Diagnostic features of synovial fluids, 292
- Traction cervical, temporomandibular joint dysfunction associated with, 38
- Trigger finger, follow-up study, 256
- Ulnar nerve, compression neuropathy of, at elbow, 30
- Ultrasound, Conference on Diagnostic Applications of, 71
- Uric acid, plasma level, effect of mefenamic and flufenamic acids on, 242
- Urografin, epidural myelography with, 81
- Vertebral manipulation, review of book on, 72
- WILSON, J.: Skeletal manifestations in Leber's hereditary optic atrophy, 91
- WRIGHT, P. R., CAREY, A., and BARTER, R. W.: Cerebral palsy survey in East Kent, 175

ABSTRACTS SUBJECT INDEX

- Achilles tendon bursitis, 272
- ACTH, *see* Corticotrophin
- Adrenal cortex function, effect of prolonged corticotrophin administration, 79
- Aleutian mink disease as model for study of connective-tissue diseases, 77
- Allopurinol, effect in gout, 76
- Alveolitis, diffuse fibrosing, with autoimmune features, 148
- American Rheumatism Association, literature analysis project, 74
- Amyloidosis, primary systemic, rectal biopsy in diagnosis, 321
- Anaemia of rheumatoid arthritis and iron therapy, 189
- Antibody, precipitating, in multiple sclerosis and experimental allergic encephalomyelitis, 324
- Aorta insufficiency, Reiter's syndrome and, 43
- Arteritis, temporal, of facial artery, 324
- Arthritis, chronic haemophilic, treatment and prevention, 146
- , gonococcal, with pericarditis, 321
- , of knee joints, synovial fluid pH in, 269
- , psoriatic, methotrexate therapy, 42
- , replacement of hips by McKee-Farrar prosthesis, 321
- , rheumatoid, anaemia of, iron therapy, 189
- , —, calculated risk of treatment, 190
- , —, constrictive pericarditis associated with, 75
- , —, cytoplasmic inclusions in synovial fluid leucocytes in, 193
- , —, early X-ray changes, 189
- Arthritis, rheumatoid, enzyme levels in serum and synovial fluid in, 75
- , —, familial incidence, 189
- , —, gold therapy, renal lesions associated with, 146
- , —, haptoglobin concentration in synovial fluid in, 190
- , —, high-protein, gluten-free diet in treatment, 42
- , —, hypoalbuminaemia in, mechanism, 190
- , —, iron metabolism in, 145
- , —, juvenile, 75
- , —, intermittent corticosteroid treatment, 42
- , —, linear subcutaneous bands in, a form of rheumatoid granuloma, 192
- , —, motor nerve conduction in, 74
- , —, of cricoarytenoid joints, 321
- , —, osteoporosis of, 270
- , —, pathogenesis of joint inflammation in, 145
- , —, —, recent concepts, 320
- , —, peripheral neuropathy associated with, 189
- , —, —, vascular lesions in, 230
- , —, radiological comparison with psoriatic arthropathy, 110
- , —, scintillation scanning of joints with iodinated human serum albumin, 230
- , —, subluxations of cervical spine and massive osteolysis of upper extremity in, 320
- , —, surgical treatment of wrist in, 191

- Arthritis, rheumatoid, synovectomy for, 230
 —, —, treatment with combined norethynodrel and mestranol, 75
 —, —, ulnar nerve entrapment in, 191
 —, —, urinary excretion of pyridoxine and 4-pyridoxic acid in, 74
 —, —, with arteritis, penicillamine treatment, 75
 —, sparing effect of neurological deficit and trauma in rat, 190
 Asbestosis, rheumatoid pneumoconiosis in association with, 79
 Back pain, low, diagnosis and treatment in general practice, 78
 Baker's cyst, 231
 Bell's palsy, galvanic stimulation of tongue as prognostic index, 272
 Bone changes in paraplegia, 194
 —, —, rubella embryopathy, 194
 Boutonnière deformity of finger, chronic, extensor tenotomy for, 112
 Brachial plexus infiltration with dilute phenol solution for spastic upper extremity, 272
 Bursitis, tendo Achillis, 272
 Calcification in lumbar nucleus pulposus in adult, 80
 Camptodactyly, 147
 Carbamazepine treatment of trigeminal neuralgia, long-term results, 272
 Carcinoma, incidence of carcinomatous neuromyopathy in various types, 195
 Carpal tunnel syndrome, 322
 —, —, digital nerve conduction in, after mechanical stimulation of finger, 322
 —, —, operation for, long-term results, 323
 Cartilage, articular, calcification with arthritis, 111
 —, degeneration, salicylate inhibition, 268
 —, interstitial fluid of, movement and composition, 193
 Cerebrovascular accidents, 42
 Colitis, ulcerative, articular disease in, 270
 —, —, sacro-iliitis and uveitis in, 147
 Collagen metabolism, hydroxyproline and, clinical implications, 230
 Connective-tissue diseases, Aleutian mink disease as model for study of, 77
 —, —, significance of serum sulphhydryl concentration, 77
 Corticosteroid esters, intrasynovial injection, inflammatory reaction after, 43
 —, therapy, intermittent, in juvenile rheumatoid arthritis, 42
 —, —, of systemic lupus erythematosus, histopathological changes and, 78
 —, —, pituitary-adrenal responsiveness after, 44
 Corticotrophin administration, long-term, adrenocortical and pituitary response, 79
 Corticotrophin-like substances produced by metastases from carcinoma of oesophagus, 148
 Cricoarytenoid joints, rheumatoid arthritis of, 321
 Denervation, effect on resting membrane potential of healthy and dystrophic muscle, 268
 Deoxyribonuclease antibody, significance in systemic lupus erythematosus, 43
 Dysphagia caused by cervical osteophytes, 194
 Dystrophy, myotonic, smooth muscle involvement in, 194
 Electrodiagnosis of myopathic disorders, 148
 Enavid in treatment of rheumatoid arthritis, 75
 Encephalomyelitis, experimental allergic, precipitating antibody in, 324
 Enzyme levels in serum and synovial fluid in rheumatoid arthritis, 75
 Erythema, ultraviolet, 269
 Exercise, effect on plasma potassium level, 268
 Exostosis cartilaginea multiplex familiaris, 195
 Fabella, incidence of, radiological study, 79
 Facial artery, temporal arteritis of, 324
 Fibrosis, pulmonary, idiopathic diffuse interstitial, serological factors in, 195
 Gold, effect on lysosomal enzymes of peritoneal macrophage, 271
 —, nephrosis, 323
 —, therapy of rheumatoid arthritis, renal lesions associated with, 146
 Gonococcal arthritis with pericarditis, 321
 Gout and hyperuricaemia, natural history of, 76
 —, effect of allopurinol in, 76
 —, primary, treatment of, 231
 —, role of urate crystals in, 76
 —, sacro-iliac, 231
 —, significance of renal clearance of uric acid in, 76
 Granuloma, rheumatoid, in rheumatoid arthritis, 192
 Haemophilia, chronic haemorrhagic arthropathy and contractures in, treatment and prevention, 146
 Haptoglobin concentration in synovial fluid in rheumatoid arthritis, 190
 Heart involvement in disseminated lupus erythematosus, 231
 Hemiplegia, muscle atrophy with, 79
 Hip, arthritic, replacement by McKee-Farrar prosthesis, 321
 —, osteoarthritis of, osteotomy for, 43
 —, Paget's disease of, 324
 Humerus rotator cuff, autopsy survey, 44
 Hydroxyproline and collagen metabolism, clinical implications, 230
 —, urinary levels in aged, 112
 Hyperuricaemia, acute, of leukaemia, uric acid excretion and renal function in, 112
 —, and gout, natural history of, 76
 Hypoalbuminaemia in rheumatoid arthritis, mechanism, 190
 Indomethacin toxicity, clinical study, 271
 —, treatment of rheumatic conditions, 42
 —, —, —, fever, 192
 Inflammation, rheumatoid, studies of pathogenesis, 110
 Influenza, Asian, virus, antibody response to, occurrence of rheumatoid factor and, 191
 Intervertebral disk, *see* Spine

- Iron metabolism in rheumatoid arthritis, 145
- Isoniazid treatment of tuberculosis, rheumatic symptoms during, 269
- Joint changes in paraplegia, 194
- disease in ulcerative colitis, 270
 - distension and reflex muscle inhibition in knee, 193
 - effusions, osmotic pressure gradients and, 111
 - inflammation in rheumatoid arthritis, pathogenesis of, 145
 - manifestations of periodic disease, 232
- Joints in rheumatoid arthritis, scintillation scanning with iodinated human serum albumin, 230
- , painful, 78
- Kidney function in acute hyperuricaemia of leukaemia, 112
- lesions associated with gold therapy of rheumatoid arthritis, 146
 - papillary necrosis due to phenacetin abuse, 192
- Leukaemia, acute hyperuricaemia of, uric acid excretion and renal function in, 112
- Lipid level in serum, correlation with uric acid level, 77
- Lung fibrosis, idiopathic diffuse interstitial, serological factors in, 195
- Lupus erythematosus, cardiac involvement in, 231
- , —, systemic, antibody to deoxyribonuclease in, 43
 - , —, corticosteroid therapy, histopathological changes and, 78
 - , —, drug-induced predisposition to rheumatic diseases in families of patients developing, 111
 - , —, peripheral vascular syndromes associated with, 196
 - , —, skin lesions in, immunofluorescent study of, 323
- Macrophage, peritoneal, lysosomal enzymes, effect of gold salt on, 271
- Melkerssohn's syndrome, 80
- Methotrexate treatment of psoriatic arthritis, 42
- Muscle, healthy and dystrophic, effect of denervation on resting membrane potential, 268
- sarcoid, myopathic form, 80
 - , smooth, involvement in myotonic dystrophy, 194
 - spasm related to low back pain, 148
 - , spinal, atrophy, 323
- Myopathy, non-dystrophic, electrodiagnosis of, 148
- Nephrosis due to gold therapy, 323
- Nerve, digital, conduction in carpal tunnel syndrome, 322
- , motor, conduction in rheumatoid arthritis, 74
- Neuralgia, trigeminal, carbamazepine treatment, long-term results, 272
- Neuromyopathy, carcinomatous, incidence in various types of carcinoma, 195
- Neuropathy, peripheral, associated with rheumatoid arthritis, 189
- Osmotic pressure gradients and joint effusion, 111
- Osteoarthritis of hip, osteotomy for, 43
- Osteolysis, massive, in upper extremities in rheumatoid arthritis, 320
- Osteophytes, cervical, dysphagia caused by, 194
- Osteoporosis, idiopathic juvenile, 112
- of rheumatoid arthritis, 270
 - , radiological appearance, 79
 - , severe primary, response to sodium fluoride, 232
 - , stilboestrol therapy, serum calcium and phosphorus levels during, 146
- Paget's disease of hip joint, 324
- Pain, congenital indifference to, orthopaedic abnormalities associated with, 147
- in joints, 78
 - , low back, diagnosis and treatment in general practice, 78
 - , —, muscle spasm related to, 148
- Palsy, Bell's, galvanic stimulation of tongue as prognostic index, 272
- Paraplegia, bone and joint changes in, 194
- Penicillamine treatment of rheumatoid arthritis with arteritis, 75
- Pericarditis, constrictive, associated with rheumatoid arthritis, 75
- Periodic disease, articular manifestations, 232
- Phenacetin, abuse of, renal papillary necrosis due to, 192
- Physiotherapy in management of lumbar disk lesions, 78
- Pituitary function, effect of prolonged corticotrophin administration, 79
- Pituitary-adrenal responsiveness after corticosteroid therapy, 44
- Plantar response, pathological, 268
- Pneumoconiosis, rheumatoid, in association with asbestosis, 79
- Polyarthritis, rheumatoid, early X-ray changes, 189
- Polymyalgia rheumatica, 321
- Potassium, plasma level, effect of exercise on, 268
- Proteins of synovial fluid, α_1 to α_2 globulin ratio, 145
- Pseudogout syndrome, 111
- Psoriasis with joint involvement, lack of rheumatoid factor in, 110
- , —, radiological comparison with rheumatoid arthritis, 110
- Pyridoxine and 4-pyridoxic acid, urinary excretion in rheumatoid arthritis, 74
- Quadriceps rehabilitation, isometric and isotonic techniques compared, 232
- Rectal biopsy in diagnosis of primary systemic amyloidosis, 321
- Rehabilitation, quadriceps, isometric and isotonic techniques compared, 232
- Reiter's disease and ankylosing spondylitis, 270
- , —, aortic insufficiency, 43
 - , —, prospective study, 44
- Relaxin in progressive systemic sclerosis, 195

- Rheumatic diseases, indomethacin treatment, 42
 —, predisposition to, in families of patients developing drug-induced systemic lupus erythematosus, 111
 —, fever, acute, in Puerto Rico, 192
 —, indomethacin treatment, 192
 Rheumatism, *see also* American Rheumatism Association
 — during isoniazid treatment of tuberculosis, 269
 — in foundry workers, 269
 Rheumatoid arthritis, *see* Arthritis
 — factor, antibody response to Asian influenza virus and, 191
 —, lack in psoriatic arthropathy, 110
 — inflammation, studies of pathogenesis, 110
 — nodules without rheumatoid arthritis, 321
 — pneumoconiosis in association with asbestosis, 79
 Rotator cuff of humerus, autopsy survey, 44
 Rubella embryopathy, bone changes in, 194
- Sacro-iliitis and uveitis in ulcerative colitis, 147
 Salicylate inhibition of cartilage degeneration, 268
Salmonella oranienburg, cervical spondylitis due to, 193
 Sarcoidosis, muscular, myopathic syndrome in, 80
 — with hypogammaglobulinaemia, 195
 Sclerosis, multiple, precipitating antibody in, 324
 —, progressive systemic, effect of relaxin in, 195
 Shoes, quantitative comparisons of characteristics, 324
 Sjögren's syndrome, 111
 —, clinical, pathological, and serological studies, 79
 —, multiple antibodies in, 268
 Sodium fluoride response in severe primary osteoporosis, 232
 Spasticity in arm, brachial plexus infiltration with dilute phenol solution for, 272
 Spine, cervical, dysfunction, 271
 —, —, subluxations in rheumatoid arthritis, 320
 —, lumbar intervertebral disk lesions, physiotherapy in management, 78
 —, —, nucleus pulposus, calcification of, in adult, 80
- Spine, lumbo-sacral subluxation, clinical syndrome associated with, 270
 Spondylitis, ankylosing, Reiter's disease and, 270
 —, —, with ulcerative colitis and amyloidosis, 322
 —, cervical, complicated by anterior spinal artery thrombosis, 146
 —, —, due to *Salmonella oranienburg*, 193
 Stilboestrol treatment of osteoporosis, serum calcium and phosphorus levels in, 146
 Subluxation, lumbo-sacral, clinical syndrome associated with, 270
 Sulphydryl level in serum, significance in connective-tissue diseases, 77
 Synovectomy for rheumatoid arthritis, 230
 Synovial fluid analysis, ultrasound in, 191
 —, effects of intra-articular thiotepa on, 193
 —, leucocytes, significance of cytoplasmic inclusions in, 193
 —, pH in normal and arthritic knees, 269
 —, proteins of, α_1 to α_2 globulin ratio, 145
- Tenotomy, extensor, for chronic boutonnière deformity of finger, 112
 Thioguanamine in treatment of autoimmune, immunological, and related diseases, 77
 Thiotepa, intra-articular, effects on synovial fluid, 193
 Thrombosis, anterior spinal artery, cervical spondylosis complicated by, 146
- Ulnar nerve entrapment in rheumatoid arthritis, 191
 Ultrasound in synovial fluid analysis, 191
 Ultraviolet erythema, 269
 Uric acid crystals, role in gout, 76
 — excretion in acute hyperuricaemia of leukaemia, 112
 — level in serum, correlation with lipid level, 77
 — — — in a population unselected as to gout or hyperuricaemia, 192
 —, renal clearance of, significance in gout, 76
- Vascular lesions, peripheral, in rheumatoid arthritis, 230
 —, peripheral, syndromes associated with systemic lupus erythematosus, 196
